

DEVIrail™

DEVIrail™ is a towel drier that is ideal for bathrooms, kitchens and utility rooms. It is also a great solution for hotels.

The towel drier is a low energy product that uses no more current than an ordinary light bulb.

The design of DEVIrail™ is simple and looks good with all kinds of interior design. It is available in three sizes in both chrome and white.

Benefits:

- Low energy consumption
- Simple design
- Easy to install

Standard compliance:

- EN 60335-1:2002
- EN 60335-2-43:2003
